75159

Dear Sir or Madam:

I hereby request pursuant to the Freedom Of Information Act (5 U.S.C. § 552 and/or the Privacy Act (5 U.S.C. §552a) the below listed record(s) that your agency may have, As is permitted by Statute, I further request that you furnish the record(s) requested in Print paper copies & mail them to the above listed requester address. Thank you.

DESCRIPTION OF RECORD(S) REQUESTED:

Date: August 14 2017

Some history background:

Sometime within the timeframe of 1990 to 1992, a company called Ethyl Corporation (I believe it was 1990) initiated an administrative proceeding before the EPA pursuant to §211 (f)(4) of the Clean Air Act, 42 USC §7545(f)(4) seeking the EPA approval of high performance gasoline additive known as HiTEC 3000 (methylcyclopentadienyl manganese tricarbonyl). Section 211 prohibits use of a fuel additive until the manufacturer demonstrates that the additive will not interfere with the proper operation of any emission device or system.

The EPA denied the application for a waiver on January 8, 1992.

I seek a printed copy (note: I have no internet access) of any and all documents that relate to the denial of Ethyl's waiver application, including "communications between the EPA & representatives of the automobile manufacturing industry" & portions of telephone logs & calendars reflecting such communications.

I request a fee waiver as I am conducting an educational research project & this request has no commercial value. In the event the waiver is denied, I request at least the first 100 pages free of charge.

Thank you.
